fun designs to custom decorate any metal surface – make great bazaar & youth projects

18-99087

Hazel's Guest Artist

The age-old question, "when does a craftsman become an artist?" is indeed difficult to answer. But we believe that our "Creative American" guest artist, Joan Hutman of Joans Hobby Craft in Withee, Wisconsin , in her presentation of Art Foam Magnetics is a super teacher, artist and crafts lady.

Joan's ability to design and her techniques of cutting and painting are unequaled. Her work appeals to all – the sophisticated and the unsophisticated alike. The designs of this gracious crafts lady may be used in many craft mediums. They may be painted on wood, fabric, metal or cork. They may either be painted free hand or with the use of a stencil. Stencils provide the most effective method of painting for good results by the novice. The acrylic brush-on paints used in this book are especially easy-to-use when brushing the paint off a stencil edge.

Joan Hutman – crafts lady par excellance and H.P.H. artist Heinz Jung collaborated on this book to bring us a mural of "Creative American" designs, including projects for all rooms of the house.

The Pennsylvania Dutch hex symbols and delightful sayings found throughout this book may be painted on your art foam magnetics or if you're in doubt of your painting, alphabet soup letters and glue may be used.

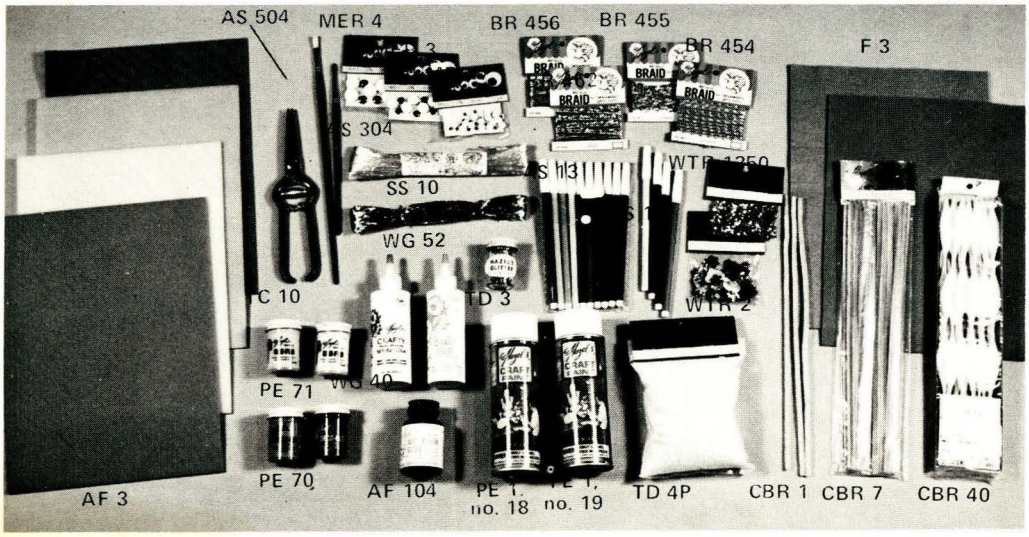
Introduction

Art Foam is such a fun material! It is a soft pliable polyurethane available in a rainbow of colors as shown on our back cover. Since it requires no special tools it is inexpensive and easy to work with. Art Foam may be cut, glued, sewn by hand or machine and combined with dozens of other materials as decoration . . . and is perfect to use for home, church, school and youth group projects. An exciting, fun craft material for all ages!

Hazel's Art Foam is available in two thicknesses, 3/32" and 3/16"and is available in 9" x 12" squares or larger 36" x 36" sheets for larger projects. Hazel's Art Foam has uses galore, functional as well as decorative:

- *As decorative magnetics to place on:*
  File Cabinets *Refrigerators* *Mirrors*
  Shower Doors *Bulletin Boards* *Any Metal*
- *Under rugs to make them skidproof*
- *Under typewriters to deaden sound*
- *As padding for box linings or covering coat hangers*
- *Used to weave hats or handbags*
- *Novelty Items and decorations as well as floral arrangements*

See instruction books H 159 "Art Foam Fun for Everyone", and H 203 "Make Some Magnetic Put-Ons" for more information and further instructions.



Materials

Art Foam – AF 2, AF 100
Craft Shears – TC 10
Moving Eyes – MER 6, MER 7, MER 3, MER 4, MER 5
Brushes – AS 504, AS 304
Gold Braid – BR 456, BR 462, BR 455, BR 454
Felt – F 3
Chenille Stems – CBR 1, CBR 7
Chenille Bump Stems – CBR 40
Sequins – WTR 1350, WTR 2, WTR 6950,
Marking Pens – AS 13 (set), AS 14
Glitter – TD 3
Ribbon Straw® – SS 10
Glues – WG 40, WG 52, AF 104
Spray Paint – PE 1
Acrylic Spray – PE 1, no. 19
Spray Adhesive – PE 1, no. 18
Paints, acrylic
  Deco-Flo® – PE 70
  Glo-Flo® – PE 71
Diamond Dust – TD 4
Craft Magnets – HWR 47
Magnetic Tape – HWR 46
Tinsel Tex – BR 823
Lily Peps – FSR 8
Pearl Stamens – FSR 7
Mirrors, 1" – IR 1338

"How to make Art Foam Magnetics"

Transfering Pattern

*Trace pattern onto tracing paper using Hazel's transfer pencil – *AS 12. Turn pattern over, face down on top of Art Foam. Transfer pattern onto foam using an iron on cotton setting. (This will not burn the foam, but better keep the iron on paper). You will notice your design will be reversed, compared to finished project shown. If you do not wish the pattern to be reversed, simply turn the original traced paper pattern over and retrace again on another sheet of paper. The transfered pattern may be used several times (perhaps as often as 5-10 additional times) if care is taken not to leave the iron on the pattern any longer than necessary. At any rate, don't burn off all the carbon the first time. It may be a good idea to experiment on a small scrap of foam before proceeding with project.*

Preparing Art Foam

Seal Art Foam with Hazel's Spray Paint – PE 1 or Hazel's Acrylic Spray – PE 1, no. 19. This acts as a base coat for final painting and enables paint to be easily applied to the foam. Outlining the lines and features of the design may be done with fiber-tip markers available separately in 12 colors – AS 14 or as a set of 10 colors – AS 13.

Painting – FREE HAND

Now you're ready to paint. Use Hazel's acrylic paints PE 70 – Deco-Flo® or PE 71 – Glo-Flo®(fluorescent). Begin painting foam with light colors and shade with dark colors.

Use a red sable flat brush, size 1, on its side for fine line work and a flat white bristle brush, size 2, to paint broad, open areas.

When painting think of nature. Pull the brush the way the petal grows or a muscle shows. See instruction book H 141 "Decorative Painting" for further instructions.

Eyes may be painted or moving eyes may be used. When using moving eyes, burn out hole in Art Foam where eyes are to be placed, using an electric pen. This allows the eyes to be recessed. If an electric pen is unavailable, heat the head of a large nail and burn a hole deep enough to recess the eye. Do not go all the way through the foam.

Moveable eyes are available in 4mm, 5mm, 7mm, 10mm, 12mm and 20mm sizes.

Painting – SINGLE STENCIL

Transfer design to stencil paper or waxed paper. Use stencil knife and individually cut out all parts of design. Save the cut out parts. To paint, place cut out part of stencil over open area not to be painted. Brush paint off edge of stencil toward center of open area to be painted. Cut piece may be pinned into position on macrame' board HK 99 with "T" pins FSR 66.

Cutting

To cut out project use craft shears – TC 10, hold on bevel and cut so the top edge is extended and underneath edge is recessed.

Finishing Touches

Felt, Ribbon Straw®, chenille stems, mirrors, braids, sequins, almost any material may be used to decorate your project. Additions may be sewn or glued into place with Hazel's Spray Adhesive – PE 1, no. 18 or Hazel's Art Foam Glue – AF 104.

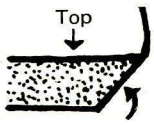
Diamond Dust – TD 4 and glitter – TD 3 also make lovely trims. While other decorations may be added before cutting out project, if using a lot of Diamond Dust or glitter, it is best to cut project out first, then apply.

Adding Magnets

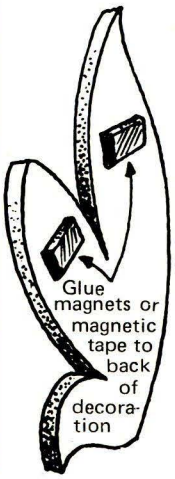
Finally, attach one or two small magnets – HWR 47 to the back of the project, or use magnetic tape – HWR 46 with a pressure sensitive backing. Magnets may be sewn or glued into place or placed between the layers of the Art Foam.

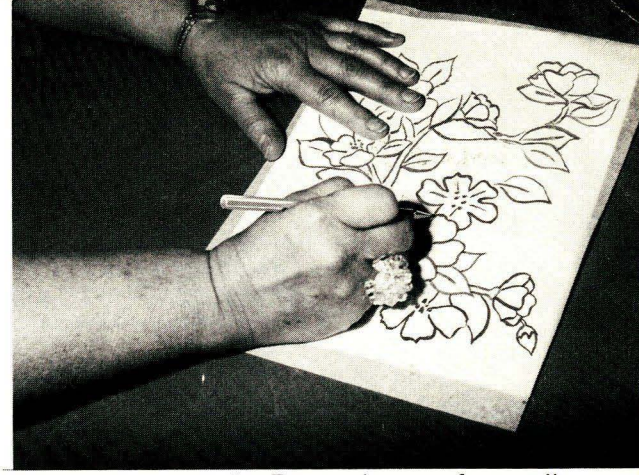
Moveable Eyes shown actual size

Cross Section: Glue eye into recessed area



Cut foam with beveled edge.

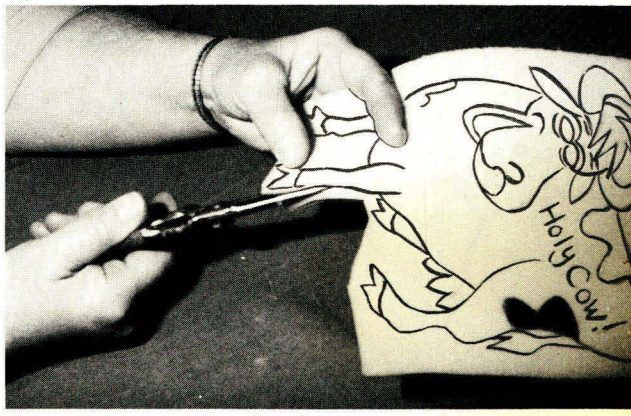




Trace pattern onto Art Foam using transfer pencils.

Transfer pattern onto Art Foam with Iron

Outline and paint Art Foam as directed.



Hold scissors on a bevel and cut out project.

* Indicates Hazel Pearson Handicrafts Stock No.

MAUDE the cheerful weight minder

This colorful and humorous refrigerator guard is as much fun to make as she can be helpful. Very easy to make – use patterns, assemble and decorate. Letters could be used from packaged alphabet macaroni, or trace them from this page, cut out and glue in position.

Use 12mm – MER 3 Moving eyes backed with spoke sequins – WTR 6950 for eyes and black 8mm sequins – WTR 3000 for nose.

DILLY DAFFY

Daffodils and Bees mean "Spring is here!" They shed their sunny brightness even on a rainy day.

Green

Bee my HONEY BEE

So brighten up any metal surface in the kitchen, bathroom or office with this sunny daffodil and happy little bee. Follow the patterns; use Hazel's marking pens – AS 14 and Deco-Flo® paints – PE 70 for coloring and shading. Both are cut from lt. yellow art foam. Use lily peps – FSR 8 for bee's antennae.

It's some warm today!

JACQUES & MIMI the playful pole kittens

Let these fun pets scamper across a file cabinet, a kitchen cabinet, a dashboard or bulletin board – they're fun anywhere!
For the bright white markings, use Hazel's bump chenille – CBR 40 glued to the front of the body.

Me & Mimi are going to be hitched some of these days !

7mm Moving eyes – MER 7

White

Black

White

Black

Cut body from black Art Foam, white markings on top of the head from white Art Foam. Recess eye area & glue on Hazel's moving eyes – MER 7.

SPRING HARBINGER

This bouncy Blue Jay perches on a Dogwood branch to bring a breath of springtime wherever he is displayed. Use Hazel's marking pens – AS 14 for texturing the Dogwood branch, for coloring leaves and blossoms and adding markings and shading to the bird. Blue feathers – Hazel's Maribou Fluffs – ER 50 – are then glued over the wings for a more natural effect.

Chirpin' I ain't, singin' I is!

Black

Brown

Bright Blue with Black Markings

Black

Follow the pattern to cut out Jay, branch, flowers and leaves. Glue several craft sticks onto branch to act as a brace. See photo for positioning of bird and flowers on branch. Decorate centers of flowers with 5mm sequins – WTR 1350. Use 7mm Moving eye – MER 7.

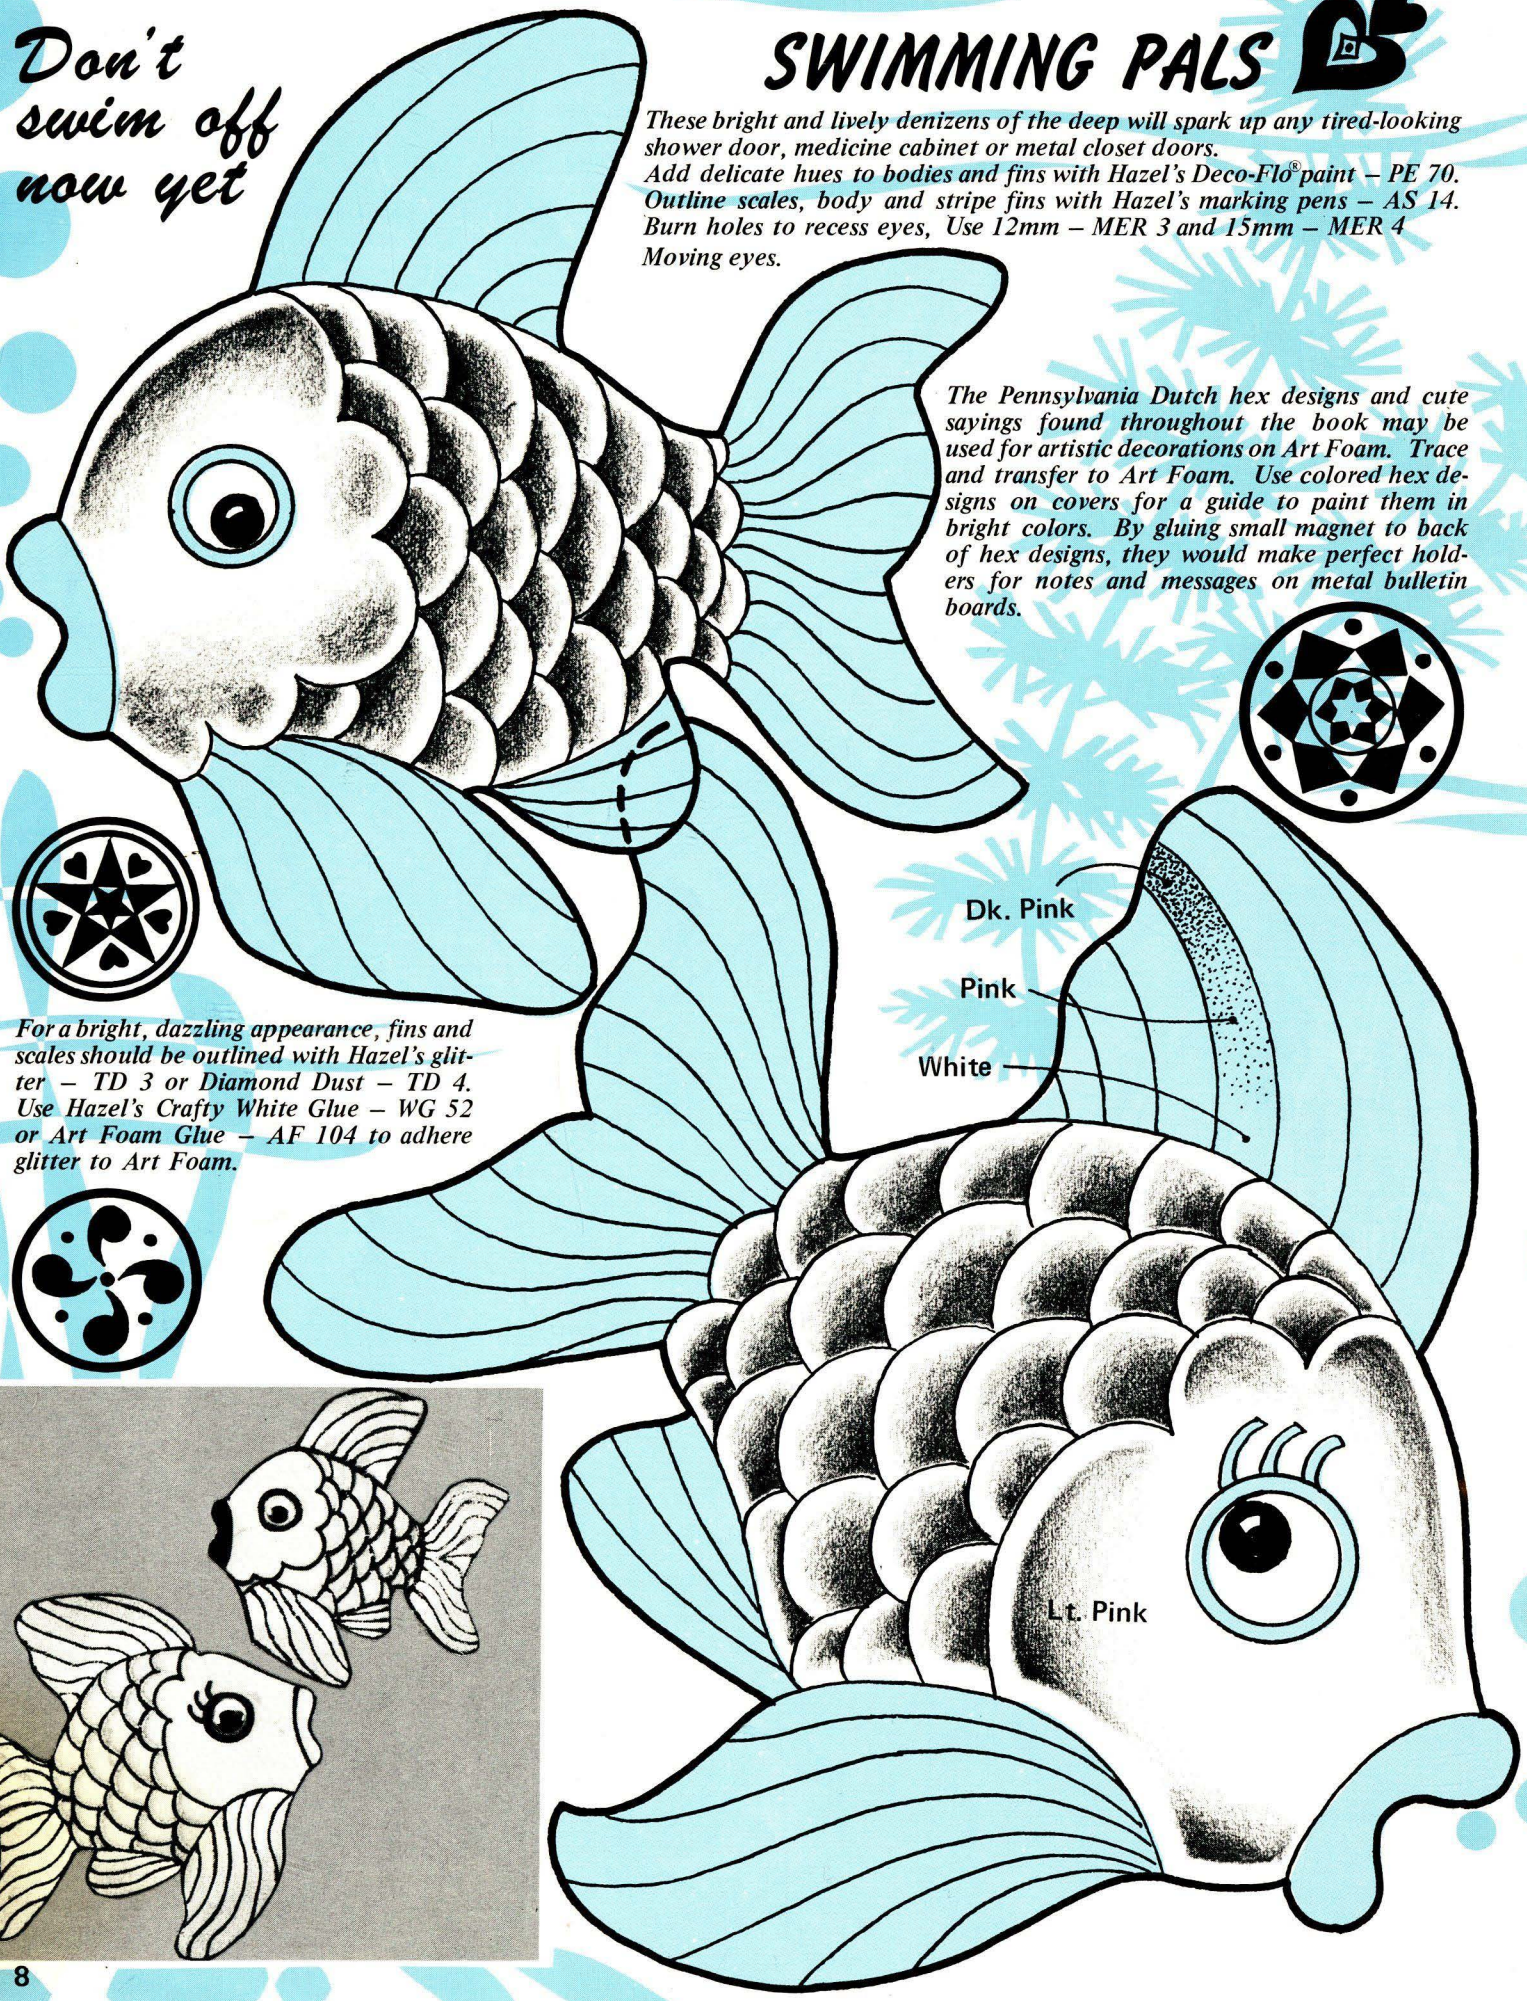
Pin

Don't swim off now yet

SWIMMING PALS

These bright and lively denizens of the deep will spark up any tired-looking shower door, medicine cabinet or metal closet doors.
Add delicate hues to bodies and fins with Hazel's Deco-Flo® paint – PE 70.
Outline scales, body and stripe fins with Hazel's marking pens – AS 14.
Burn holes to recess eyes, Use 12mm – MER 3 and 15mm – MER 4 Moving eyes.

The Pennsylvania Dutch hex designs and cute sayings found throughout the book may be used for artistic decorations on Art Foam. Trace and transfer to Art Foam. Use colored hex designs on covers for a guide to paint them in bright colors. By gluing small magnet to back of hex designs, they would make perfect holders for notes and messages on metal bulletin boards.



For a bright, dazzling appearance, fins and scales should be outlined with Hazel's glitter – TD 3 or Diamond Dust – TD 4. Use Hazel's Crafty White Glue – WG 52 or Art Foam Glue – AF 104 to adhere glitter to Art Foam.

DAQUIRI DUO
the toastes with the mostess

This congenial twosome can play host and hostess for New Year's Eve, at any party or just perk up a bar area all the time. Cut from yellow Art Foam, outline features with Hazel's marking pens – AS 14, and paint with Deco-Flo® Paints – PE 70. Use glitter – TD 3 or Diamond Dust – TD 4 applied with Hazel's Spray Adhesive – PE 1, no. 18 as trim on stem and around the edges.

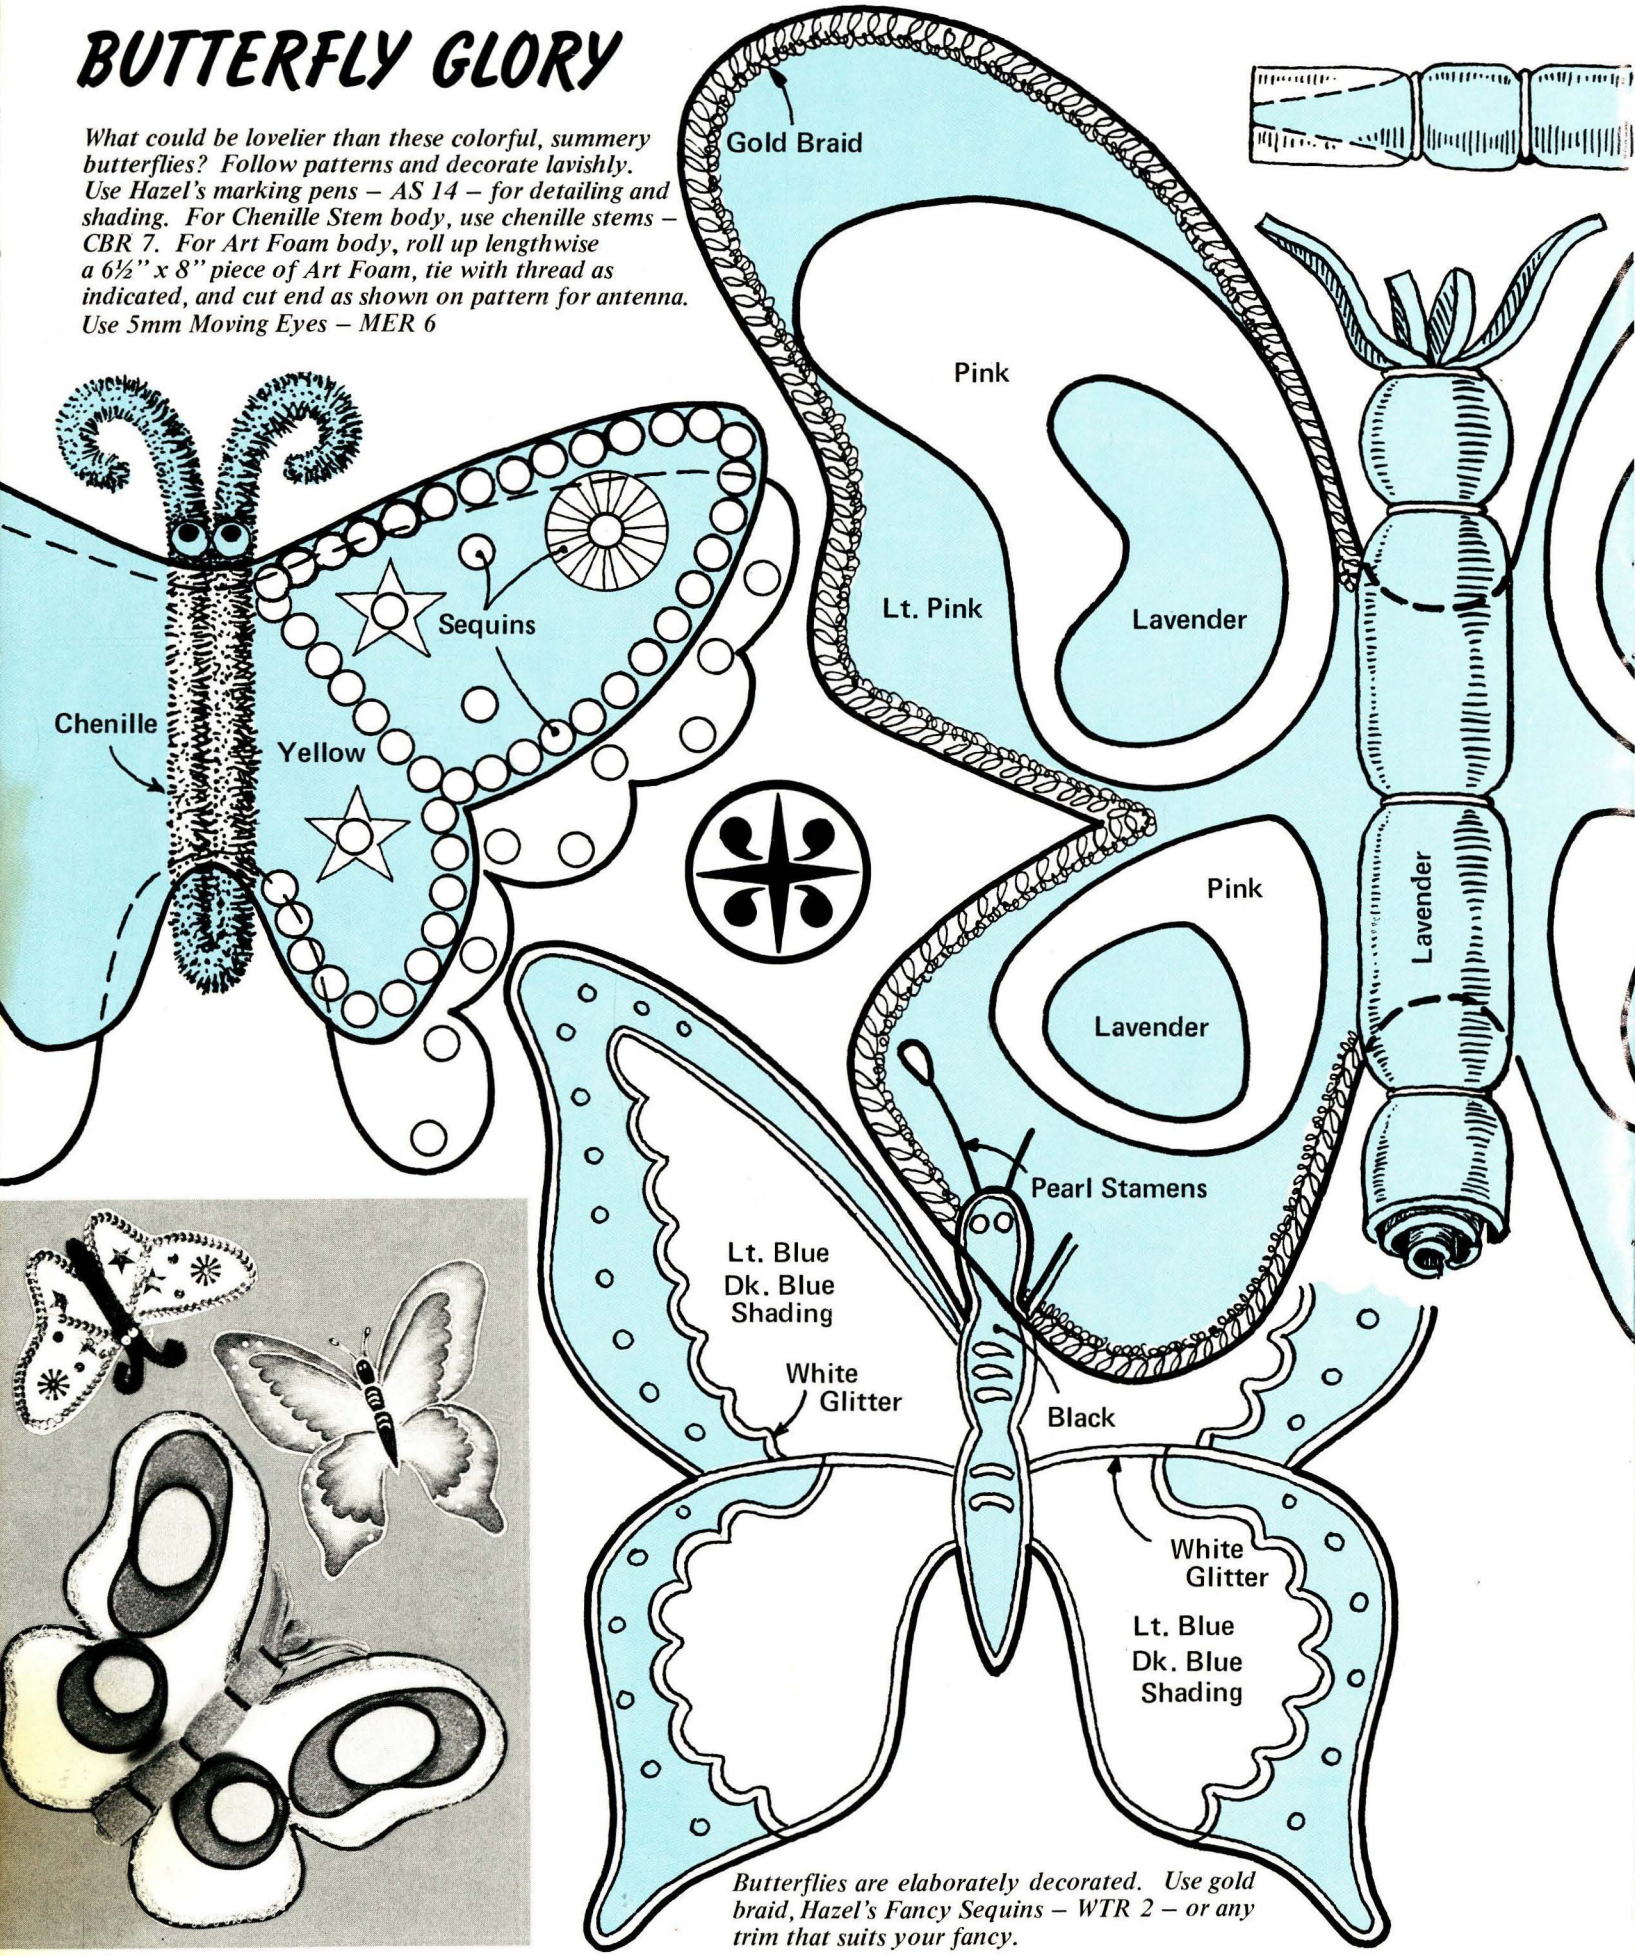
Drink yourself full – of what we got

White

The two alphabets reproduced in this book may be used to compose cute sayings, poems and slogans for plaques, bulletin boards, banners, etc. Trace letters on paper and transfer onto Art Foam (see page 3). Use Hazel's fiber tip markers – AS 14 for coloring and outlining of letters.

BUTTERFLY GLORY

What could be lovelier than these colorful, summery butterflies? Follow patterns and decorate lavishly. Use Hazel's marking pens – AS 14 – for detailing and shading. For Chenille Stem body, use chenille stems – CBR 7. For Art Foam body, roll up lengthwise a 6½" x 8" piece of Art Foam, tie with thread as indicated, and cut end as shown on pattern for antenna. Use 5mm Moving Eyes – MER 6



Butterflies are elaborately decorated. Use gold braid, Hazel's Fancy Sequins – WTR 2 – or any trim that suits your fancy.

SWEET ANGELINA

This demure proclaimer of Christmas Tidings makes a festive Holiday Decoration.

Cut figure from white art foam and paint in delicate colors using Hazel's Deco-Flo® Paints – PE 70.

Outline and shade with Hazel's marking pens – AS 14.

Pretty Angel herolds in Christmas with wings

Other suggestions for trimming Sweet Angelina – cut flowers from felt – F 3 and glue on with Art Foam glue – AF 104. A piece of metallic gold braid – BR 456 would make a lovely band to hold her hair in place.

WISE GUYS

The owl is one of the most popular subjects for many craft mediums today – and these three are no exception to that popularity!

Cut bodies, wings and eye rims separately from Art Foam. Glue together; make feet from Chenille stems – CBR 1 and use Moving eyes and 5mm sequins – WTR 1350 for trim.

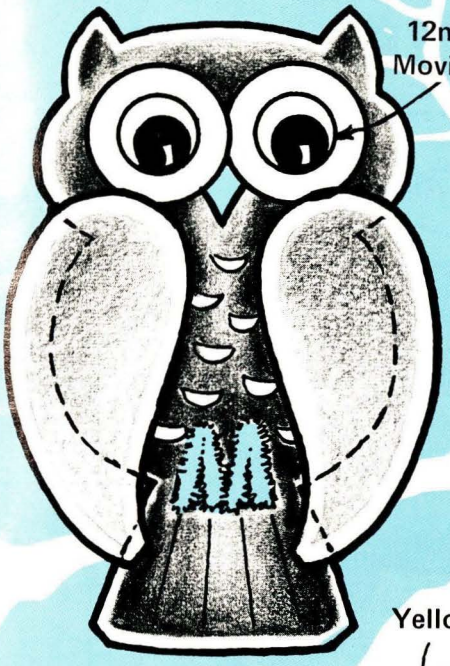
We grow to soon old and too late schmart

ABCDEFG

The feather and sequin trim of the three owls pictured are just one suggestion for trimming them. The pumpkinhead here is painted bright orange with bright yellow inside the features, suggesting a lighted candle.

WITCHIN' TIME

Here's a Jack-O-Lantern to carve for Halloween decorating for all your "spooks and goblins". Cut from yellow foam and paint in bright colors using Hazel's Deco-Flo ® paint – PE 70. Outline the detail work in the hat and pumpkin with marking pens – AS 14.



HIJKLMNOPQ
RSTUVWXYZ&

My! You look good in the face . . .

MERRY MOUSE

You will be merry too, with this chipper little mouse as a companion! Especially great for a child's room or recreation room. Outline features and details with marking pens – AS 14. Use Hazel's 15mm moving eyes (MER 4) and 5mm sequins (WTR 1350) for buttons.

Glue separate ears on top

Sequins

Vest

Pants
Beige

Back Body – Pink

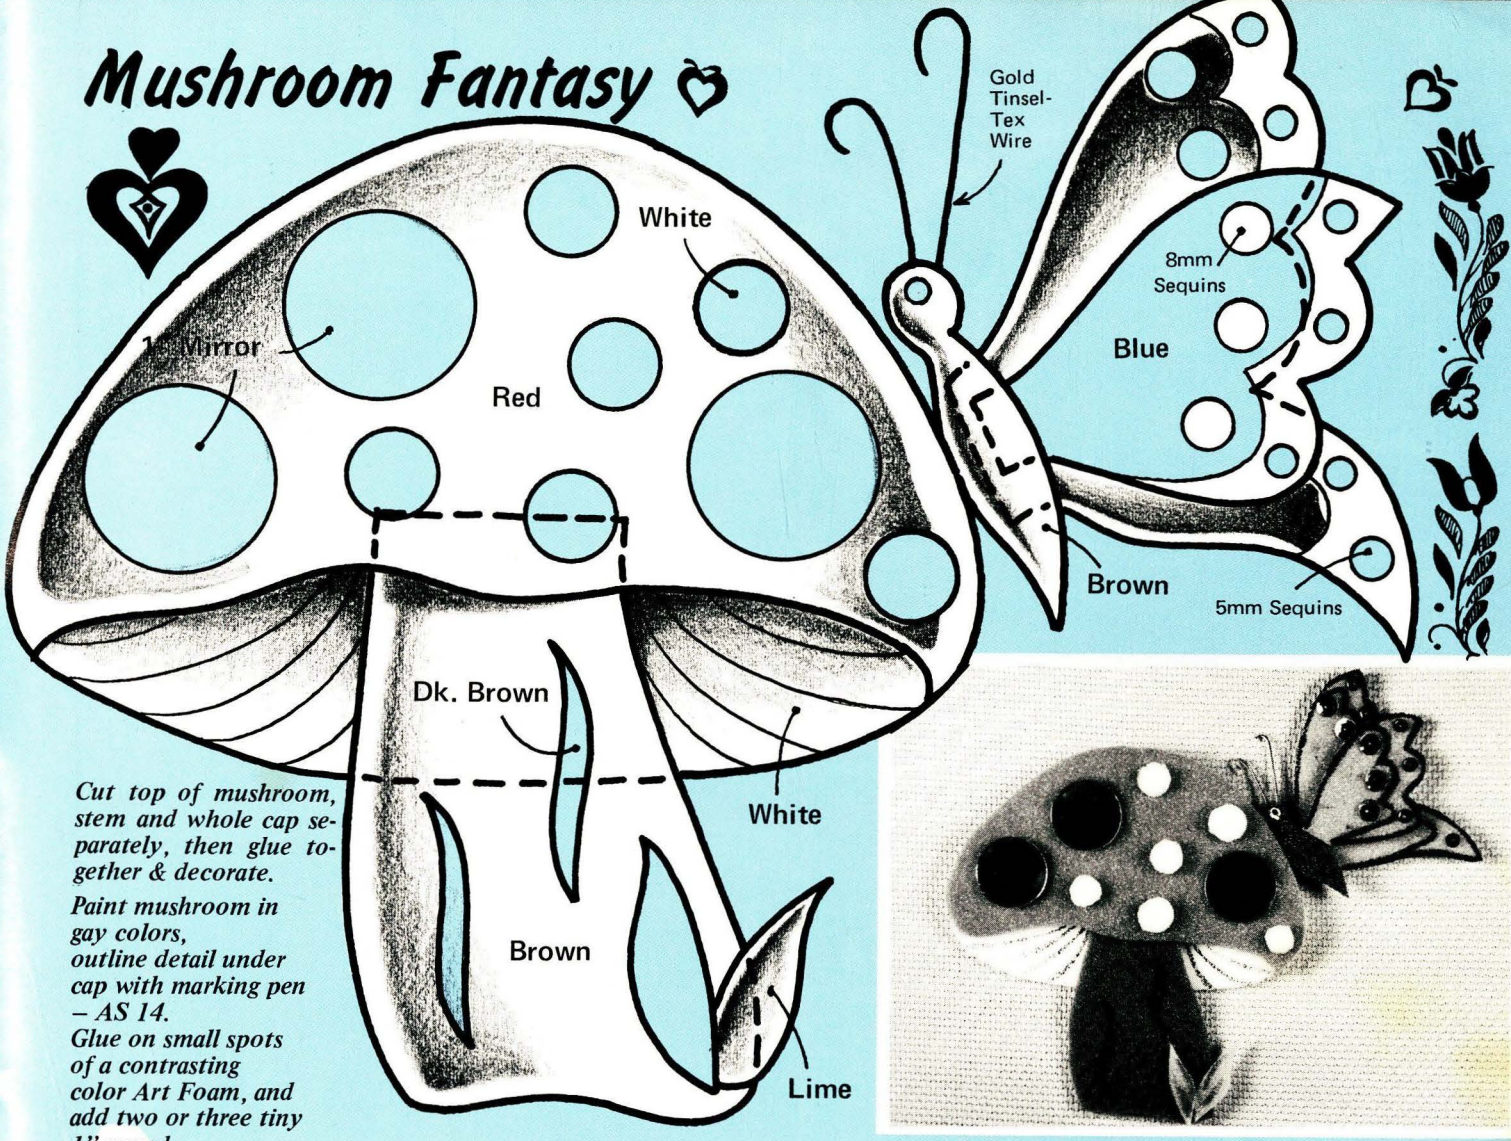
Vest
Blue

Front Body – Pink

This darling merry "Mouse Family" shown in the photo can be easily created by modifying Pappa Mouse's pattern. Momma Mouse should be drawn slightly smaller and clothed in a dress. Baby Mouse is smaller still. Paint them in pretty colors with Hazel's Deco-Flo® paints – PE 70.

Ears
Lt. Pink

Mushroom Fantasy



Cut top of mushroom, stem and whole cap separately, then glue together & decorate.

Paint mushroom in gay colors, outline detail under cap with marking pen – AS 14.

Glue on small spots of a contrasting color Art Foam, and add two or three tiny 1" round mirrors – IR 1338 for an unusual trim.
